Christmas in Naples and BCB Homes Break Ground on a Home Renovation for a Family in Need

NAPLES, FL. (April 11, 2011) – Naples-based home builder and remodeler, BCB Homes, has generously donated their time and efforts to help the local charity, Christmas in Naples, with renovating a home for a needy family in East Naples. Construction will begin this week on the home and a ground breaking ceremony will take place on Wednesday, April 13, 2011.

Christmas in Naples was formed in 2009 and is a non-profit corporation that was established to rehabilitate the residences of low-income home owners in Naples. It was created specifically to help the elderly, disabled, veterans and families with children. They have renovated two other homes in the Naples area and this will be their third project.

All of the materials and time have been donated by individuals and organizations.

The family chosen for this particular project is Anita Beal's family. Ms. Beal recently lost her husband to severe chronic obstructive pulmonary disease. She now lives in a home that is in dire need of repairs to the bathroom, kitchen, bedrooms and the exterior. The home is unlivable as it is today.

The duration of the project should be 3-4 weeks and a ground breaking ceremony will be held at home of Anita Beal. We invite you to come out and learn more about this project on Wednesday, April 13, 2011 at 3pm. Christmas in Naples board members, owners of BCB Homes, the Beal family and local organizations who are donating time and materials will be on site to kick off this great event!

Please RSVP to Barbie Rogers if you or a representative from your company would be able to join us for the ground breaking ceremony. Barbie can also be contacted to answer any other questions you may have about the project.
