

## **BCB HOMES BUILDS STRONG IN TOUGH TIMES**

BCB Homes is proud to have completed five homes within the last six months and 19 more are currently under way! Most of the homes that are under construction are custom residences that can be found in communities such as Port Royal, Aqualane, Old Naples, The Estuary, Mediterra, The Moorings and Marco Island. They build some of the most luxurious residences all the way from Marco Island to Sarasota .

All of BCB Homes' residences are built using the latest technology, methodology and craftsmanship throughout the various stages of construction. The outcome is a custom home that is better constructed, healthier, safer and more economical for many years to come. BCB Homes' unique approach to construction has made them a pioneer in building Green homes. BCB Homes goes a step further by recommending the most efficient and advanced products to their clients which are proven superior when accredited with the FPL BuildSmart Certification, allowing their clients to have the opportunity to be apart of the Green building movement. However, even without the BuildSmart Certification clients can rest assured that each BCB Homes residence built is energy efficient.

BCB Homes also acknowledges the effects of the varying South Florida Climate and constructs each residence with it in mind. Through their exclusive Points of Construction system, BCB Homes constructs its residences with unique approaches from wall systems that breathe, drainage systems that resist mold, exterior walls that are impenetrable by water, and many more state-of-the-art methods which guarantee quality. These standards are what make BCB Homes a superior innovator within the building community!

BCB Homes was founded by a group of second generation builders who endeavored to bring the building standard in Naples to a new level. These efforts have rewarded BCB Homes with a portfolio of Naples most prestigious homes and hundreds of satisfied homeowners. BCB Homes' models are located in The Estuary at Grey Oaks, Mediterra, and Tarpon Point Marina .
